## **Company Overview**

Americon is a self-performing General Contractor that performs multiple contract types (design-build, Construction Manager, and traditional lump-sum). We design and build multi-family/assisted living facilities, office buildings, churches, agricultural structures, industrial buildings, and much more! Our project/contract prices range from \$1,000 to \$40 million dollars.

Americon is a construction and development firm that builds relationships from instilling confidence. For over 40 years, Americon has constructed almost every type of building imaginable, while retaining and developing the finest craftsmen possible.

Our services range from selecting a piece of land to hanging the last door. We are one of Western Wisconsin's largest multi-family unit builders, having constructed thousands of apartment units and hundreds of thousands square feet of office/retail space.
